

## residential subdivision

**ADW Johnson** has been involved in the preparation of civil engineering design drawings and documentation for approximately 20 years in numerous local government areas across NSW.

Our engineers work in consultation with the client to provide engineering solutions that are cost effective and contribute to the overall aesthetics of the development. We pride ourselves in providing innovative solutions to challenging problems.

**ADW Johnson** has designed residential subdivisions for clients including Allam Homes, AV Jennings, Landcom, Mirvac Developments, Mirvac Homes, Investa and Westminster Homes.
