

Draftsperson

ADW Johnson is a multidisciplinary development services company with offices located on the Central Coast and Hunter Valley of New South Wales.

We are currently seeking an experienced Draftsperson to join our team in our Tuggerah office. Our key services are planning, survey, design of civil infrastructure, project and construction management supporting all forms of land development.

People applying should be experienced in the use of Autocad, have strong verbal and written communication skills and have a current drivers licence as well as the following specific skills and experience:-

- Minimum 3 years drafting experience in survey and various forms of drafting related to land development.
- Experience with GIS software such as Mapinfo
- Experience in drafting of road, drainage, earthworks, wastewater, water and stormwater design plans would be an advantage.
- Experience in 3d design software, preferably 12d.
- Ability to work unsupervised.
- Willingness to undertake training of junior staff.

An attractive salary and remuneration package will be negotiated based on experience.
