

WORK HEALTH & SAFETY POLICY STATEMENT

At ADW Johnson we are committed to Work Health & Safety and the elimination of workplace injury and illness as part of the Business.

The health and safety of all employees, contractors and others associated with ADW Johnson Pty Ltd are considered to be of the utmost importance. As a responsible member of the community, ADW Johnson Pty Ltd will comply with all relevant Work health and safety legislation, Australian Standards, industry codes of practice and other relevant requirements. Moreover, ADW Johnson Pty Ltd will strive for the highest standards in Work health and safety through the establishment of a Work Health and Safety Management System which is incorporated into the company Integrated Management System (Quality, Safety and Environmental). This system will be continually monitored, evaluated and updated to ensure best practice in work health and safety.

ADW Johnson will establish measurable objectives and targets with the aim of eliminating safety related incidents/accidents/illness in relation to our activities, products and services. ADW Johnson will identify, report, investigate and resolve all non-conformances to ensure lessons are learnt and guarantee continual improvement of the system.

Because the consultative process is vital to the success of this policy, ADW Johnson Pty Ltd will seek the support of all staff through the establishment of an occupational health and safety consultative mechanism. The main function of the consultative mechanism will be to assist management in resolving workplace health and safety issues through the production, monitoring, evaluation and updating of this policy and the WHS&R Management System. The nature of the consultative mechanism will be decided in consultation with all staff, and will be discussed at the monthly departmental meetings.

Mark Kelly
General Manager
ADW Johnson
